# Scaffold DataX

**K16 SOLUTIONS**

## Finally, access every data point in your enterprise systems.

Scaffold DataX gives you a 360-degree view of all the data in your enterprise systems by placing it in a neutral data model.

## What is Scaffold DataX?

Scaffold DataX provides easy plug-and-play integration–it extracts data from your LMS, SIS, CRM, or ERP, stores it in a data warehouse, and places it in a neutral data model. The result is a cleaner, more accurate view of your institutional data.

## What makes Scaffold DataX different from other solutions?

### Retrieve Any Data Point

Any and all data can be accessed from your enterprise systems –meaning no more limitations on retrieving, reporting, and analyzing your data.

### Holistic View

With complete data access, you'll get a comprehensive, 360-degree view of all your data.

### Ease of Access

Access to data is near real-time, saving thousands of hours of manually pulling and processing data.

Founded by experienced higher education leaders, faculty, and academic entrepreneurs, K16 Solutions solves the biggest EdTech challenges facing institutions today. Using its proprietary technology, schools can, for the first time, quickly and seamlessly migrate LMS platforms, archive online courses and student data, and soon integrate various enterprise systems.
