

Canvas Archiving

Archive Your Canvas Data

Backup your courses, reduce clutter, and secure your data. Practicing good LMS hygiene will help keep you compliant.

What is Canvas Archiving powered

Canvas Archiving powered by K16 Solutions allows customers to archive course content and student data on an archiving platform that fully integrates with Canvas. **Whether it's legacy LMS data or existing Canvas data**, institutions can back up their courses and retrieve content at any time.

Why do I need to archive my Canvas data?

Backing up and storing your aging course content allows you to secure your sensitive student data, while retaining full access to your courses through K16's deep integrations with Canvas. Reduce clutter, increase efficiency, and remain compliant by removing unnecessary content from your production LMS environment.

See what a difference better data hygiene can make!

What Canvas Customers Say

**SEMINOLE
STATE COLLEGE**
OF FLORIDA

“We needed a way to back up and secure our course content and data—and that’s what we got. With Canvas Archiving powered by K16 Solutions, we can secure our student data, stay compliant, and remain in good standing for accreditation purposes.”

Sam Kelly, LMS and Sr Systems Administrator
Seminole State College of Florida

“K16 consistently asked for feedback on how to make the Canvas Archiving interface more user-friendly. Faculty wanted the ability to bulk download student data from an entire course, and they adjusted their system to provide that option.”
